

CARD PRODUCTS

Magnetic Stripe - P Series

<u>Product Numbers</u>	<u>Coercivity (Oersted)</u>	<u>Color</u>
AMS 314P	330 Oe	Dark Brown
AMS 316P	330 Oe	Black

Minimum order quantity will apply.

Features	Advantages	Benefits
Sharpness	Product transfers cleanly	Production efficiency
Scotch tape adhesion	Excellent adhesion to cards as measured by #810 scotch tape	Product durability and production efficiency
Magnetic properties	Consistent from lot to lot	Production efficiency and customer satisfaction
EPA approved factory	Production of material has no significant effect on air or water quality	Air and water free from chemical pollutants
Abrasion resistance	Durable finish exceeds ISO abrasion requirements	Longer lasting products
Wide application window	Product transfers under a wide range of operating conditions	Production efficiency

Special Notes

Storage: Recommended that magnetic stripe products be stored at 40° - 90° F (4.5° - 32° C) and 40-60% RH. Magnetic stripe products should not be exposed to excessive moisture.

NOTE: Instructions given herein are approximate and adjustment may be required in adapting materials for use in any specific application. The data presented is a result of careful and extensive research.
